# Executive Summary

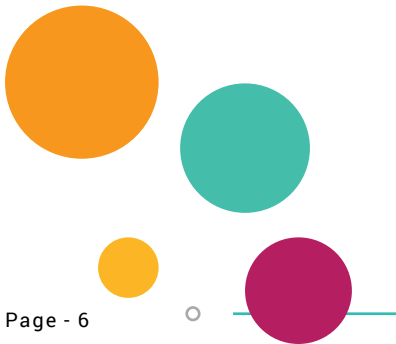

TMG WORKS is a young and dynamic company which was founded in 2021. It focuses on a wide spectrum of client solutions such as, security and cleaning services.

Although the founder of TMG WORKS is a Johannesburg based company, our business operates throughout the country. We aim to expand our networks and business operations and we are fully capable to provide our services outside of Gauteng to the rest of the country.

## VISION

At TMG WORKS we aim to be the one stop shop which provides cleaning and security solutions at one stop. We strive to be one of the best hubs in the country that solves cleaning and security needs.

## MISSION

To provide customised janitorial and security services.

## VALUES

- Accountability
- Performance
- Excellence
- Competence
- Integrity
- Commitment to Clients
- Social and Community Responsibility

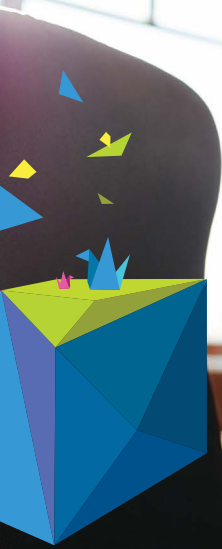

## CORE BUSINESS

1. Janitorial services
2. Security

## JANITORIAL SERVICES

Any janitorial vendor can promise you “clean.” But that can mean almost anything.

At TMG WORKS, “clean” is a standard that goes above and beyond. Our customers depend on us for a level of clean that protects the health of their customers and their employees, ensures the highest standards of regulatory compliance, and protects against illness, accidents and disruption.

TMG WORKS is a reliable, and experienced, team with a suite of janitorial and disinfection services that make the grade for even the most demanding environments, including manufacturing plants, food processors, pharmaceuticals, universities, and public schools. Why should you settle for less? Having the professional sanitation, disinfection and cleaning service you need to keep your facilities running smoothly, safely and hygienically means you can focus on running - and growing - your organization.

If that's not what you're getting from your janitorial provider, it's time to find a partner trusted across industries where “clean” reaches a higher level

## SECURITY

TMG WORKS' key services valued most. We will formulate and implement a comprehensive property security service plan based on the comprehensive evaluation of experts. We provide escrow service for client's important items, check property or vehicle situation at any time, handling emergency situation or notify security personnel to prevent trespassing.

TMG WORKS provide sufficient security force and equipment for property safety. The security guards we dispatched are strong in execution and we can cooperate with property management to solve security related affairs and coordinate safety issues, assure the owner.

## WHY TMG WORKS

### **Our people make the difference.**

When the people caring for your facility give their best every day, it shows. Our team takes pride in their performance, always striving for a job well done. And they achieve it.

How do we do it? Our proven method is simple. We begin by listening to our clients and then customizing a schedule of services to meet their needs. We follow through with reliable, first-rate labor and unparalleled customer service that exceeds their expectations.

Clients value our integrated approach, which streamlines their operations with a single supplier. By enhancing the comfort and safety of their facilities, we save them money and improve performance.

### **Continuous Process Improvement.**

Each member of our skilled labor force has passed a rigorous screening process and completes a site-specific orientation before each new assignment. We conduct frequent audits and inspections and continually reinforce our standards to ensure we deliver exceptional results.

### **Qualified, Screened and Trained.**

Employees pass rigorous screening and background checks as well as pre-employment, random and incident drug testing. TMG WORKS security officers are state-certified and bonded, having passed rigorous security checks and pre-assignment training.
